

# ECOSYSTEM-BASED MARITIME SPATIAL PLANNING IN THE MEDITERRANEAN

## MSP-MED Technical Workshop

**19.2.2021**  
**online**  
**ore 9.30**

The main goal of this third MSP-MED project workshop is to foster a sound application of the Ecosystem-Based Approach within the Maritime Spatial Planning implementation in the Mediterranean Sea, by sharing experiences among project partners and with international experts and institutions (European Commission, WWF, UNEP/MAP, ETC-UMA, FAO-GFCM)

*organized by* **Daniele Brigolin, Niccolò Bassan, Francesco Musco** Iuav
