2022 KIA DESIGNERS AWARD

Camera Nazionale della Moda Italiana and KIA are partners in an initiative to promote emerging creativity and showcase its quality and innovation content.

January 2022

KIA Designers Award addresses Italian and Korean emerging brands and students in fashion schools all over the world and aims to develop and promote synergy between Italy and Korea. KIA is known as an innovative and avant-garde brand and intends to acclaim emerging talents who advocate the concept of innovation through the medium of their collections.

The contest’s international panel of experts will select six finalists - 3 Italian and 3 Korean - who will have the opportunity to work in pairs, favouring cultural and creative exchange, and create three capsule collections, each consisting of three garments.

The capsule collections will be on show at the CNMI Fashion Hub - thus enjoying great visibility - throughout the September 2022 Milano Fashion Week (from 21/09/22 to 26/09/22).

This call will be open from 18 January to 5 March 2022. Candidates may send their applications by email to jovana.vukoje@cameramoda.it, referencing KIA DESIGNERS AWARD.

The deadline for submission of projects is 5 March 2022.

This call is open to all emerging brands which have been active on the market for no longer than six years and all students at universities or other organizations that provide 3-year or 2nd-cycle fashion design courses or short specialization courses.

The six finalists (3 pairs) selected by CNMI will produce three collections, each consisting of three women’s or men’s outfits. Camera Nazionale della Moda Italiana will oversee the design and production of these capsule collections on a tutorship basis. The collections will be produced at the expense of CNMI. Further, in addition to the production of a 3 capsule collection, each pair of designers will be required to submit a sketch for a personalized KIA car livery. Kia will select the most original creative design for the production of the wrapping of the car, which will be exhibited outside the CNMI Fashion Hub during the September 2022 Milano Fashion Week.
Camera Nazionale della Moda Italiana will organize an online mentoring programme (of around three months) that will engage the finalists once or twice a week for a couple of hours. CNMI will provide written justification for the selected students’ absence from their courses for the purpose of participating in the aforementioned online mentoring programme, which is obligatory.
