OPEN CALL FOR EUROPE – GLOBAL GATEWAY

DEADLINE: 22nd June 2022

ARTISTIC FIELDS: Installation, Public Art, Sculpture, Visual Arts,

AGE: Older than 18

REWARDS: Exhibition with European Commission in one of 7 countries (France, Germany, Spain, Romania, Estonia, Denmark, Italy) & financial compensation

DESCRIPTION: Exhibit your artwork across Europe. The European Union has an open call for one of their projects this summer. The project covers climate change, digital transformation, COVID, education, and human rights topics through art installations. Installations will be exhibited in public spaces in different cities (France, Germany, Spain, Romania, Estonia, Denmark, Italy) in autumn 2022. The installation should have a physical element as well as the possibility of a digital online element, as an addition to the physical concept.

CONCEPT: The world is interconnected. COVID has shown us how interconnected the world is and that no one can solve today’s global challenges alone, as this, unlike nations, knows no political or cultural borders. We share one world, and our future is shared. Therefore, we need our friends outside the EU as much they need us to work together and improve this world.

Through these art projects, we want to trigger our audience to consider:

- The feelings generated by the lockdown and the restrictions, not being able to live our lives normally
- The newly regained freedom post lockdown

APPLICATION COST: Free

ELIGIBILITY: International

REQUIRED DOCUMENTS: Portfolio, CV, Art Proposal

APPLICATION: By email

CONTACT: Eleanor Frere, e.frere@mcgroup.com

SELECTION DATE: 27th June 2022
