

# IUAV CALLING

## get-together for peace

Through its research, projects and teaching, Iuav is deeply engaged in the promotion of more inclusive, equal and safe environments, in several fields and places. Being peace, non-discrimination, and non-violence at the basis of its principles of action, in October 2019 Iuav has joined the "Universities for Peace" Network (RUniPace).

To celebrate the Human Rights day 2020, in which RUniPace is also being officially launched, Iuav wants to involve its international students in an open conversation to share the reasons underpinning their choice to study at Iuav, their experience here and their potential to build bridges with the places left behind.

### *programme*

- > RUniPace: aims and objectives, **Giovanna Marconi**
- > Iuav international students talking about their experience

**10.12.2020**
