

# DESIGN - FOOD - CITY - SUSTAINABILITY

## which is the relationship?

Seminar of the course 'circular design', part of the 'circular city studio' in the MS 'Urban Planning for Transition'. Four researchers in design will discuss with the students about the relationships between food, city and sustainability, which is the main topic of the course this year.

**23.11.2022**  
**online Teams >**  
**9>12 pm**

**9>9.30** welcome & introduction by professor of the course

**Chiara Battistoni** Ph.D.
