

Annex 1 (integral part of the call for admission to the PhD course Architecture and Arts - PhD School luav a.y. 2023/2024 – XXXIX Cycle). 1 post with scholarship tied n. 1 scholarship tied to the topics "Management, evaluation and planning of participatory governance models, circular and collaborative urban business and consumption models aimed at decarbonisation, efficient use of resources and safeguarding and protecting ecosystem services", funded by the National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA)

Duration	3 years	
Coordinator	Maria Chiara Tosi	
Research fields and objectives	<p>Within the framework of the PhD course Architecture and Arts, 1 post is activated with scholarship tied to the topics "Management, evaluation and planning of participatory governance models, circular and collaborative urban business and consumption models aimed at decarbonisation, efficient use of resources and safeguarding and protecting ecosystem services". The scholarship is co-funded by the National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA)</p> <p>The theme of this proposed scientific research is based on a knowledge of the theories and dynamics linked to the projects and processes of the circular economy, urban metabolism and Nexus relationship of resources linking it to the theoretical-methodological system of planning and design applied in urban and territorial action (policies, plans, programs, projects, actions). This research will be characterized by the attention paid to the governance processes, evaluation and management of resources of the urban environment. Innovative production and consumption models that promote the urban circular economy will also be examined. Moreover, the theme can be deeper explored in relation to:</p> <ul style="list-style-type: none"> • The theory and practice of planning, implementation and evaluation of public policies and plans, at different scales and in relation to circularity in the management of change processes; • Citizens participation in the construction of policies and in the co-creation of new circular consumption models; • Land use practices, the production of common goods and their regulations; • The relationship between urban and rural in the management of natural resources and ecosystem services. <p>The transversality required by these fields of action compared to traditional disciplinary fields is supported from an interdisciplinary research practices.</p>	
Available places	Scholarships	n. 1
Requirements	<p>- Degree obtained according to the old regulations; specialised/master's degree; second level AFAM degrees; degree obtained at foreign universities deemed suitable by the selection board. Please refer to Article 2 of the call for applications.</p> <p>- Certification of knowledge of a foreign language at a minimum level of B2. Please refer to Article 6 of the call.</p>	
Application Deadline	<u>14th December 2023, 1.00 p.m. CEST</u>	
Documentation to be uploaded via online procedure	<p><u>Compulsory documents under PENALTY OF EXCLUSION</u></p> <p>a) <u>Annex 2</u>: duly completed and signed application form</p> <p>b) double-sided photocopy of a valid identity or identification document;</p> <p>c) certification/attestation of knowledge of a foreign language at a minimum level of B2, a foreign language at a minimum level of B2 <u>or</u> <u>Annex 3</u>: a substitute undersigned declaration using the form proposed in Annex 3 to this call, of which it forms an integral part. Please note that any false or misleading declarations made with the substitute declaration of certification are subject to the penal sanctions provided for in art. 76 of Italian Presidential Decree no.445 of 28 December 2000. It is therefore advisable to complete the form with the utmost care. The form cannot be replaced once the deadline for submitting the application has expired);</p> <p>d) <u>CV</u> in A4 format including a list of any scientific publications;</p> <p>e) <u>Annex 4</u>: text relating to a research project coherent with the abovementioned research themes using the form proposed in Annex 4 to this call, of which it forms an integral part;</p> <p>f) <u>self-presentation video</u> in mp4 format lasting, no longer than three minutes, where candidates describe their research interests and the reasons why they apply;</p> <p>g) (<i>only for candidates with a degree obtained abroad</i>) degree diploma in the original language and its translation into Italian or English by the candidate</p>	

	<p>h) <i>(only for candidates with a degree obtained abroad)</i> certificate of examinations taken in the original language and relative translation into Italian or English by the candidate;</p> <p>Optional, but highly recommended documents (FOR ALL CANDIDATES)</p> <p>a) dissertation with abstract of max. 1,000 characters (including spaces); b) portfolio (max. 12 pages/folders); c) letter(s) of presentation drafted by university professors, scholars or renowned professionals; d) any scientific publications (max. 5); e) any documentation deemed useful for assessing the eligibility of the qualification obtained abroad (e.g. course programmes, diploma supplement, certificates from ENIC-NARIC centres).</p>
Admission	Evaluation of qualifications, interview
Evaluation Criteria	<p>Evaluation of qualifications: max. 40 points Evaluation indicators: - relevance of the candidates' qualifications to the profiles characterising doctoral research as described in this annex: max. 10 points; - relevance of the candidates' previous work and/or research experience to the profiles characterising doctoral research as described in this annex: max. 10 points; - relevance of the proposed research project to the profiles characterising doctoral research as described in this annex: max. 20 points. Candidates with a score of 22/40 are admitted to the interview.</p> <p>Interview: max. 60 points Evaluation indicators: - demonstration of scientific preparation in the disciplines of the course, in particular in the research project pursuant to Article 4 paragraph 1 point e) of the call: max. 30 points - promptness and dialectical and critical ability in answering questions: max. 30 points. Applicants with a final overall score of 60/100 are eligible for admission to the course.</p>
