

Acronym – FRAMESPORT

Title – Framework initiative fostering the sustainable development of Adriatic small ports

Scientific coordinator – Marco Mazzarino

Department – Department of Architecture and Arts

Sector ERC – M-GGR/02, SECS-P/06

Iuav Role – external expertise for CORILA

Lead partner – CORILA (Consorzio per il coordinamento delle ricerche inerenti al sistema lagunare di Venezia)

Duration – 36 months

Start – 01/01/2020

Closure – 31/12/2022

Project budget – € 7.138.832,90

Iuav budget – € 420.000,00

Funding to Iuav – € 420.000,00

Source of funding – EU Call: INTERREG Italia-Croatia 2014-2020 Programme – Call for proposal 2019 Strategic

Description – FRAMESPORT project will perform a coordinated initiative supporting an integrated and sustainable development of small ports in a strategic perspective, thus allowing them to be pro-active socio-economic drivers of the development in the Adriatic coasts. Such a strategic objective calls for a multifaceted approach, including both the adoption of concrete pilot actions as well as identification of priority themes to be promoted within the overall strategy. Priorities will be individuated by means of a bottom-up approach, involving local and national stakeholders since the project inception phase. Partners, which has been chosen in order to guarantee a wide territorial approach, will address planning and management topics, business models implementation, enhancement of training and competence, as well as develop ICT tools and services, thus supporting an effective development of small ports in the whole ITHR area. Furthermore, a tailor-made ICT platform will collect and systematize relevant key data on small ports to be shared as starting point of any further development. FRAMESPORT will build on existing knowledge and capitalize results of pilot initiatives by integrating them in a new strategic framework boosting small-scale maritime nodes performances along the Adriatic coasts.

Objectives – FRAMESPORT main objective is to support homogeneous improvement of Adriatic small ports by delivering a strategic framework orienting their future development, thus contributing in elevating their role as drivers for sustainable growth of coastal areas.
