

BEYOND THE SEAMS

The Thread From Fiber to Fashion

Nicola Carletti

Marketing Manager MIC Manifattura Italiana Cucirini

Seminar organised and introduced by **Lucia Rosin**, in the context of Fashion Material Design Studio.

MIC – Manifattura Italiana Cucirini produces high-performance sewing and embroidery threads for fashion, footwear, and technical textiles. Founded in 1976 and based in Vallese di Oppeano, Verona, the company combines research, technology, and Italian craftsmanship to create durable and sustainable products. MIC is committed to quality and innovation, developing certified solutions that meet the evolving needs of the global textile and apparel industries.
