10.30 am**

Marco Reganato, Innovation Project Manager at ALBINI_next – the innovation hub of the ALBINI Group – presents an example of a critical and responsible approach to textile production. The seminar examines innovations that minimize water and chemical consumption in fiber pre-treatment and finishing, showcasing bio-based, low-impact, and water-less dyeing technologies. Experimental fabrics and prototypes will illustrate the company's tangible commitment to a more resource-efficient textile future.
