

CLIMATE ADAPTATION PLANS FOR UNESCO SITES

CAMPUS 2nd Regional Conference

**18.2.2026
Badoer
aula Tafuri
ore 9.30>16.30**

The CAMPUS 2nd Regional Conference in Venice presents the project's final outcomes, including multi-risk and multi-scale assessments and adaptation strategies for UNESCO World Heritage sites. The conference explores methodological frameworks, participatory tools, and feasibility studies that integrate climate action into heritage conservation and management.
