

YOU MAKE EVERYTHING RESONATE

workshop by Rossana La Verde

The workshop explores the relationship between gesture, body, memory and objects. Through individual and collective exercises, photography and writing, the body becomes the tool for informing fashion design practice. **Rossana La Verde** is an independent practitioner working across fashion, textile, art, performance and costume. Her work, showcased in several venues and expanded through multiple collaborations, evokes worlds where childhood imagery, play and vulnerability coexist.

Discussant **Rebecca Brusa**

Photographer **Beatrice Valessina**

In the frame of the Critical Fashion Practices course / **Clizia Moradei**
